

Background

Laurel Lake Vineyards is nestled in the heart of Long Island wine country. As a harmonious blend of old and new it is distinctive: one of the oldest vineyards on the North Fork, yet one of the newest wineries.

Housed within the elegant, colonial-style building is a tasting room highlighted by an antique landmark bar and a gift shop with varied items. The expansive deck overlooking the vineyard provides an opportunity for guests to enjoy a glass of wine or a picnic. Laurel Lake schedules tours, music, and special events for the whole family.
