

# BORGHESE

## *Background*

As the premier vineyard on Long Island, Castello di Borghese Vineyard has the oldest vines producing some of the finest wines in the region. The Borgheses agree with the age-old winemaker's wisdom, "a good wine is first made in the field," so they tend to their soil with great care. Pinot Noir and Sauvignon Blanc are their signature wines, along with many other award winners including Meritage and Chardonnay.

As Marco Borghese, winemaker, chef and co-owner, crafts his elegant wines, he stays mindful of the sophisticated wine and food pairings created by his wife and co-owner Ann Marie Borghese. The terra cotta gallery is typically filled with interesting art, people and food samplings. Old World Tuscany awaits your arrival at the Borghese Vineyard - Castello di Borghese.

## *Facts*

Established	1973
